LINELLE SUPREME

THE BEAUTY OF TECHNOLOGY

The amiea linelle supreme is part of the next generation of amiea linelle micropigmentation systems. Dedicated to make your work easier and your creations even more beautiful, we have designed the amiea linelle supreme to deliver the most reliable, high-precision results.

The ergonomically designed cosmetic pen with its easily adjustable needle depth feels like a natural extension of your hand and lets you work steadily and precisely. It is compatible with the full range of ingenious creatip cartridges – hygienically sealed to avoid spills and backflows and available in numerous shapes and needle configurations for every application.

The sleek, intuitive control unit with its digital controlled ensures top precision and allows you to focus fully on your work. With its two interfaces, it can connect to two cosmetic pens simultaneously, letting you switch even more easily between

Left: clean, tiny skin punctures, made by amiea's high-precision system

Right: frayed, larger punctures, made by Asian system

different colors or needle configurations. Light and compact, the amiea linelle supreme operates with minimal noise and vibration, takes up little space, and transports easily.
